

## The Earthfire Ceramic Pizza Oven

Make real wood-fired pizzas with a delicious crispy base

There's nothing like real home-made pizzas cooked outdoors. The versatile Earthfire portable ceramic oven has the cooking characteristics of a conventional pizza oven and is made from a unique ceramic material that retains heat, making it perfect for pizzas, baking bread, barbecuing and even smoking food.

GRENADER

With large 30cm pizzas ready in a few minutes you can entertain 8 guests with ease. Warm up time is just over half an hour with a cooking temperature exceeding 350°C. The oven works perfectly with charcoal or even seasoned wood and will provide two hours cooking time without refuelling. The porous cooking surface ensures perfectly crispy pizzas, try making your own pizzas from our easy traditional recipes. The oven works equally well with bought pizzas and cooks evenly without the need to turn the pizza.

Each quality Earthfire Ceramic Pizza Oven is handmade in South Africa, the home of outdoor cooking, and with a durable glazed finish and oak handles your oven will become a unique addition to your outdoor cookery repertoire!

Complete instructions with photographs and easy pizza recipes are included with lots of handy tips to ensure you get the most out of your oven.
